We understand that this is a financially challenging time for everyone but it is exactly in this economic climate when the public library is needed more than ever. The West Warwick Public Library provides users access to a variety of resources to meet their informational, educational, recreational and cultural needs and interests through our book collections, media, services, and programs. With your contribution, you will be supporting the neighbor, the student, the job seeker, the parent, the child, the reader, and all of the people who walk through the doors of this library every day.

We cherish those who give back to their library. We thank them for their time, their donations, and their support. We thank them for being a friend of the library and showing us they appreciate the services we provide by supporting us in whatever way they can. That's the best gift of all.
